Opis produktu

Built to be a compact, handy rifle, the 512 Carbine shines as a utility rifle on a farm or ranch. With a short 16.5" barrel threaded 1/2×28 and a hardy beechwood stock, it's ideal for dispatching predators and varmints. Its iron sights are superb, with a tangent rear adjustable for distance and a fiber optic front for great visibility. Both .22 LR and .22 WMR versions ship with an extended 10-round magazine.

The 512 is equipped with dual guide rods for smooth operation and superior reliability. The barrel is the same accurate hammer forged barrel found on all CZs, topped with adjustable sights. An integral 11mm dovetail allows easy mounting of optics. The 512 shares magazines and scope rings with the CZ 455 making it the perfect complement to your bolt-action rifle.
