Opis produktu

CZ 550 SAFARI CLASSIC II. HIGH-GLOSS FINISH

Česká zbrojovka a.s. brings a new generation of the SAFARI CLASSICS II. rifles to the market. They are intended for the highly demanding hunting of big game.

The SAFARI CLASSICS rifles, available in glossy and matt finishes, combine the expertise and knowledge of the cz brand with the benefits of individual handcraft.

The SAFARI CLASSICS rifles are intended for those who appreciate the high quality handcrafted workmanship, hi-tech anti-corrosion surface treatment, precise fit of the barrelled action in the premium Turkish walnut stock, integrated kickstop in the body of the stock for reducing recoil and the unique design which is the result of many years experience of the CZ brand and its individual approach to these exceptional models intended for exceptional customers. The matt finish model is characterized by an oil finished stock which emphasises the beautiful pattern of the premium walnut and a matt finish of the whole barrelled action achieved by an extremely durable and strong layer of DLC (diamond like carbon). The grip surfaces on the stock are decorated with 360° checkering. Due to the barrel being hand fitted, there are minimal clearances in the bolt operation.

Main advantages:

- high-tech anticorrosion dlc finish
- matt finish of the barrelled action
- luxury oiled walnut stock with ebony details
- express rear sight
- glassbedding
- bolt with minimal clearances due to hand fitting
- silent operation of controls
- single trigger
- 360° checkering
- kickstop built-in the stock to reduce recoil
